

## SAMPLE SPLITTER-RIFFLE BOX 101-V0155-series

### 101-V0155-Series

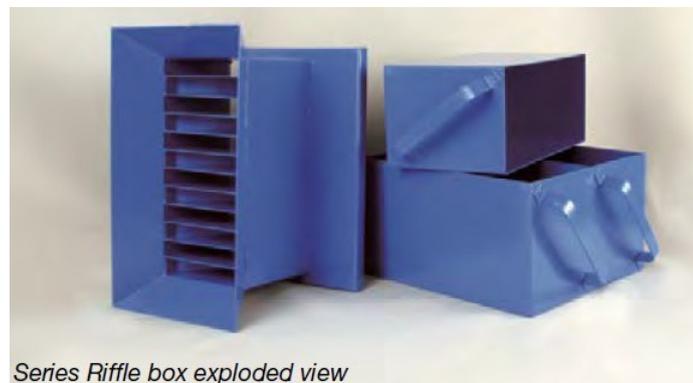

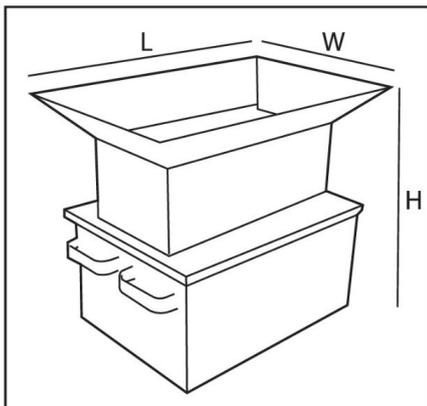

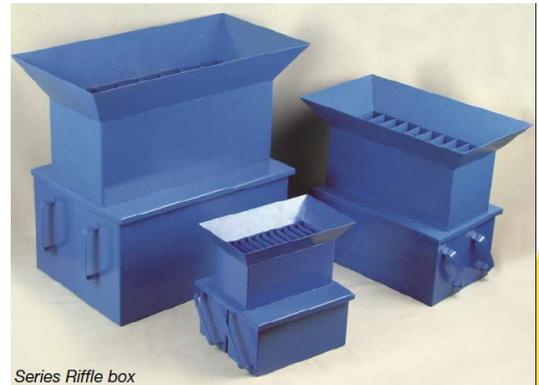

## SAMPLE SPLITTER-RIFFLE BOX

STANDARDS: EN 933-3, ASTM C136, 702, NF P18-553, UNI 8520, AASHTO T27, T87, BS 812:1, 1377:2, 1924:1, UNE 83120

### Sample Splitting

Used for the rapid preparation of dry material such as cement, gravel, sand, soil etc. Material poured into the hopper is divided into two equal portions by a series of slot that discharge the material alternately in opposite direction into separate pans.

Supplied with 3 pans
